ACTELION

A JANSSEN PHARMACEUTICAL COMPANY
OF Johnson & Johnson

PHuman™

Inspired by Actelion

If you have been diagnosed with pulmonary hypertension or know someone who has, find support on Actelion's website www.PH-Human.com
Information and resources available on the website include:

PH Human eBook

- An online guide to support people living with PH and those around them
- Useful resources to understand more about the diagnosis and treatment of PH
- Practical guidance and tips to manage feelings and well-being

2

Career and hobbies

- Inspirational stories from people living with PH
- Practical career advice and materials
- A report to guide healthcare professionals in engaging and supporting people with PH

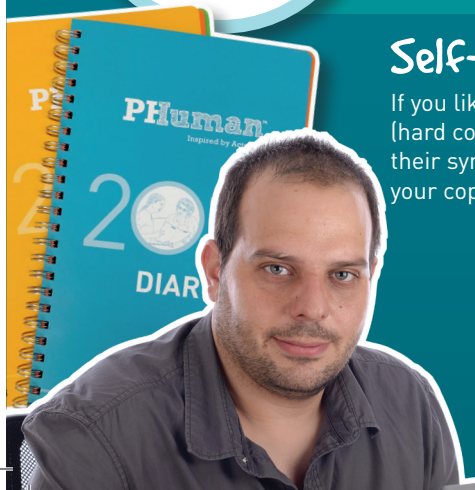

PH Self-Management Series

- Discussion summaries and expert speaker podcasts from our self-management webinar series which focuses on issues affecting patients with PH, designed for healthcare professionals and patient group representatives
- A special film developed in collaboration with PHA Europe

3

Self-management diary

If you like the website, you might enjoy our PH Human Diary (hard copy and app formats available), which allows users to track their symptoms and set goals for the future. Contact us to receive your copy at ContactUs@FourHealthCommunications.com
